

HUNT FOR JEWELLER WHO KILLED FRIEND AFTER SALOON BOUT

Wrestling Match After Christmas Celebration Ends in Murder in Brooklyn.

The Brooklyn Detective Bureau is searching to-day for a short, thick set man in a gray suit who is known to the police only as Schreyjohn and is supposed to be a Jeweller. He is wanted for the murder of William Stendel, of No. 26 Warren street, Brooklyn, where he lived with his brother, a civil engineer.

Stendel met Schreyjohn through the former's sister-in-law, who formed the Jeweller's acquaintance some weeks ago on the President Lincoln of the North German Lloyd, on which she was returning from a visit to Germany. Schreyjohn was a frequent visitor to Stendel's house. Yesterday he took dinner there and when it was time for him to go home William Stendel suggested that they drop into the Imperial cafe at No. 187 Smith street and get a party drink.

They wrestled with each other, and Schreyjohn, who is a small man, was thrown twice. He took his fall in good part, however, till Stendel tried to throw him a third time. Then he ran to the end of the bar and pulled out a revolver. Every one ducked as bullets began to fly. Stendel was hit behind the left ear and at the base of the brain by the first two shots.

The man who had done the shooting escaped, hatless, by a rear door. Thomas Emerson, of No. 194 Smith street, James Muller of No. 470 Warren street, Samuel Reardon of No. 72 Warren street and William Davis of No. 59 Wyckoff street, all of Brooklyn, who were in the saloon and knew Stendel slightly, were detained as material witnesses.

Treat your teeth to Pebeco

Pebeco is a tooth paste that will stand by your teeth and really protect their thin, precious enamel from the attacks of "acid-mouth," the greatest single cause of decay—this is the work of an out-and-out dentifrice. This is exactly what

Pebeco Tooth Paste

does.

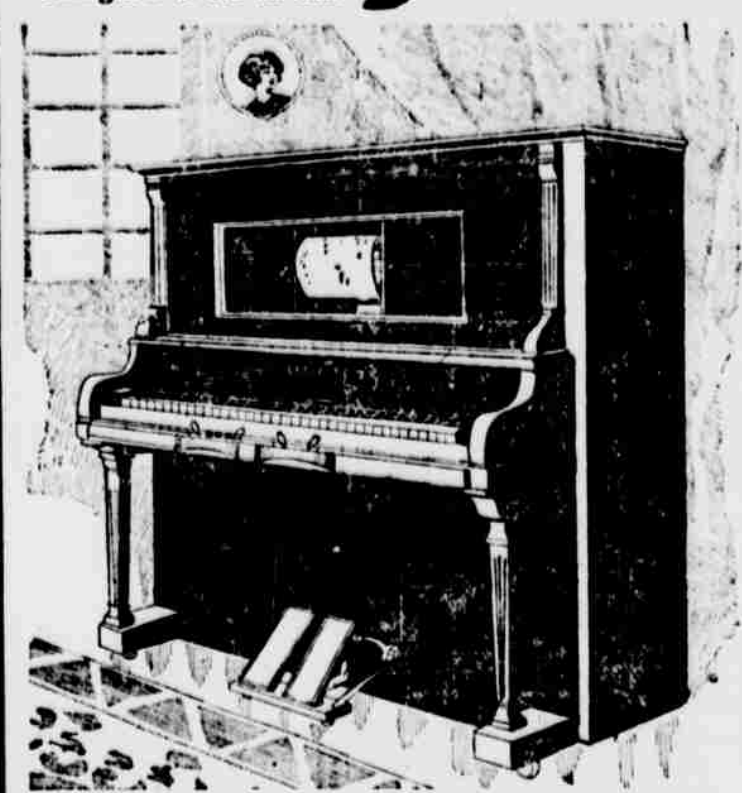

Nine out of ten people have "acid-mouth," which surely leads to decay. You can stop having acid-mouth. Pebeco will do it.

But this is not all. Pebeco is healthfully refreshing and revitalizing, cleanses, whitens and polishes. Your teeth—your whole mouth feels Pebeco-clean after using Pebeco.

On Terms of \$2 a Week
NO INTEREST—NO INSURANCE—NO EXTRAS

We call your special attention to our new and beautiful "1914" Style Walters Player Piano, which surpasses player pianos offered elsewhere at \$600 or more. It contains a player action of the simplest and most approved type, responding quickly and repeating with the greatest of freedom. The perfect ease with which it can be operated is truly remarkable. A child can play it without being fatigued. Its player mechanism is a marvel of mechanical ingenuity, containing a perfected system of double valves. The tubings are of metal, which is more durable than rubber and not affected by extreme climatic conditions. The Expression Devices are unique, making it possible to produce the most delicate shadings of tone—in fact, they eliminate mechanical playing and render every composition with almost human skill.

Among the many valuable patented devices used exclusively in this new "1914" Style Walters Player Piano we call your special attention to the most ingenious expression device of the present age.

"The Tri-Solo Melodist"
This marvelous invention enables you to bring out the melody so that it rings out clearly and distinctly like the voice of the singer above a subdued accompaniment, thus eliminating mechanical playing and enabling everybody to play the piano like a skilled artist. Come and hear this wonderful instrument. It will prove a revelation to the most critical purchaser.
